

Your Sensible, Sensitive,
Flexible & Cost-Effective partner for
Logistics comprehensively

LOGPERTS

Global solutions for logistics

Cost Effectiveness in solutions

We prioritize those needs of our client's in a structured framework. Our permutations and combinations regarding routing, scheduling, expediting always result in delighting our clients with on-time completion of tasks with a right-cost approach. And, that's effective too.

Orientation towards client's needs

We are a group of motivated and disciplined professionals from whom client's needs are as important as our food, clothes and home. For us the priority always is Customer – First.

Flexible & Scalable Options

Options are abundant. Especially for moving goods. Add flexibility to the available options, the outcomes are always satisfying. We confidently stitch together such Flexible options in support of your business at the same speed and scale as your business needs to grow and expand – both Vertically and Horizontally.

About us

We are based at Dubai - UAE. Since, 2016.

We established ourselves in 2016 as LOGPERTS for Global Solutions of Logistics. Our decade long real time experience in moving goods across GCC & world is priceless and we remain self-motivated.

Hence, with that hands-on experience, we move goods of our clients, as and when they want us to. We are Experts in Logistics. LOGPERTS.

We ensure those goods are moved with required and ample care.

We carefully choose our partners and move goods through our trusted partners.

We move goods with an appropriate speed – as required depending on the urgency of each consignment at destination.

We do care about nature and its sustainability in a very simple and practical ways but as important as our lives.

We move goods in the required cost-effective manner after deciding the mode of (Ocean/Air/Road) movement depending on the alacrity of the consignment.

We also plan and execute intermodal movements on an on-demand basis.

Movement of goods through ocean is a greener, safer, dependable and economical mode of transport if the lead times are convenient, since goods reach destinations faster through air and road modes. To smoothen the goods movement we have support services packages in Customs Clearances, Value Add services and Bespoke Solutions and Services.

We do have own offices, branches and associated offices all across GCC, Middle East, Africa, India & Far East locations. Like at ports of Dammam, Jeddah, Dhubbe, Sohar, Dukhm, Salalah, Mundra, Deira, Bur Dubai, Hamriya, Khorfakkan, Zakhir, Khalid, Khalifa, Zayed such speed services are in place.

Ocean Freight

Air Freight

Properly planned freight through Air mode with respect to delivery dates, routing and volume many times reach destinations with lower costs than other modes esp when the speed-to-market is considered it becomes all the more effective, since it many times reduces the lost opportunity costs significantly. At Dubai (DAFZA & DWC), AbuDhabi and Sharjah airports complete services for freight movement including customs clearances are available from us 24 x 7.

These services are available at Muscat, Sohar , Riyadh , Jeddah Qatar, Bahrain , Kuwait, Baghdad, Queen Alia , Beirut , Damascus , Istanbul , Cairo Tbilisi , Ben Gurion and Many Indian Airports,

Speed of overland transport is decided mainly two factors – dependable fleet and ease of crossing borders with proper services. Whether it is Hatta, Sila, Mezyad, Batha (which are gateways to KSA, Qatar, Bahrain , Kuwait)Abu Samara , king fahd causeway , Nuwaisib , al omari border (gateways to Jordan, Syria) – Logperts help in seamless and less-time transit with all documentation.

Overland Freight

(Cross Border Services)

To complete the definition of global forwarding and logistics, we also serve the requirements for Cash Repatriation between all buyer destination cities and seller origin cities, with an economical rate of services and through channels officially approved by central banks. This services along with the Bespoke Solutions complement all global trade movements in a comprehensive manner.

Value Added Services

Other than these specialized and below mentioned bespoke solutions we also provide routine support services like temporary in-transit storage, White Labelling, Kitting, Merge - in - Transit, Flow Through, Cross Docking etc - both as part of integrated solutions or as stand-alone services.

Jebel Ali Port is one of the most strategic and vital nerve center for Cross Trade between various trade blocs.

Logperts, over the last decade earned expertise in executing, controlling and managing such Cross Trade Blocs with UAE / Jebel Ali as the epi-cent
